4. GIHA House Guest Form
5. GIHA Fees and Assessments
6. GIHA Rules and Regulations
7. Architectural Committee
8. New Property Owner Information
9. Notification of Occupancy Sale

WELCOME TO GOOSE ISLAND HIDEAWAY

The Board of Directors of Goose Island Hideaway Property Owners Association would like to take this opportunity to welcome you to our community! Whether you are only here on weekends and vacations, or a full-time resident, we want you to feel at home and a part of us!

The following is information about our community, including access and our website, but should you have any questions, please feel free to call one of our Board Members or applicable Committee Chair (see information on website) or call:

WELCOME COMMITTEE CHAIR: Gene Carson 404-387-2786

Community Information:

Website: <https://gooseisland.org>

Please access our website for more information including our Covenants & Restrictions, Bylaws, Architectural Review Process, Community Directory, Financials, Well and Water Information, Short Term Rentals, and much more.

Rules & Regulations

Attached is a compilation of some of the rules and regulations from our Association documents. If you should need additional clarification, please see the Covenants & Restrictions and Bylaws posted on our website or contact one of the Board Members.

Gate Codes

As you know, Goose Island is a gated community. As you enter the property via our covered bridge there is a keypad on the left. Security Gate Codes are assigned based on whether you are a homeowner, renter, contractor, etc. Please ensure that you use/provide the applicable gate code for our community's security (emergency services and couriers have been provided with their applicable codes). If for any reason the code does not work, instructions and emergency numbers are posted adjacent to the keypad. **NOTE: Please do not force the gate open as it will cause expensive damage for which you will be responsible. Please call one of the emergency numbers listed on the gate.**

Security Cameras

Security cameras are installed on the bridge. These are working cameras and are reviewed from time to time, as needed. They capture the car, occupant, and car tag.

Trash

Please keep all trash in covered receptacles, and if possible, in your garage so that animals (particularly bears and raccoons) do not get into it. Unfortunately, we do not have county trash collection services, but there are county trash collection facilities for drop off and private companies for weekly pick-up. The closest county drop off facility is located south on Hwy 515 on Whitepath Road (about 1/8 mile on the left).

Wildlife

We are fortunate here at Goose Island to have an abundance of wildlife. It isn't uncommon to see deer, geese, turkeys, or foxes, as well as many varieties of birds. Please note that in the warmer months, bear will come to your decks if there are bird feeders or food left outside – and they can be very destructive. Please plan on bringing all bird feeders inside during these times and please do not feed the wildlife other than birds. In addition, please note that deer love many flowers and plants. Before investing in plants and shrubs, we encourage you to research those best suited for our community.

Architectural Review

If you are planning to build a new house, modify your current home and/or property, or have an issue with upkeep / maintenance of any property in Goose Island Hide Away, please refer to the guidelines and forms on our website, as many changes or improvements to your lot, including tree removal or vista pruning may need board approval. (See “A Friendly Reminder From Your ARC” included in this package.)

Tree Removal

Please note the following quote from our Association documents: “No removal, topping, or excessive pruning or destruction of any large trees (large is defined as equal to or greater than 9 inches in diameter at a height of 5 feet above the ground) is permitted without prior approval of the Architectural Review Committee.”

Renter's Information

The Board requires that every homeowner who rents their property should submit a “Rental Occupancy Form” tab on the community website that will provide you with all of the necessary forms that must be completed and a list of fees.

Transfer of Property

Every homeowner who sells their property should submit a completed Notification of Occupancy form (see Buyer's Information link on Home Page of website), along with a Capital Contribution fee as required by the Bylaws to the Treasurer. Copies of the Covenants, By Laws, and Restrictions can be located on the Goose Island website. See Bridge and Gate information on securing gate access.

Again, we welcome you to our community! Feel free to contact us with any questions or needs that you may have!

Welcome to Goose Island

Property Owner's Gate Guide

As a property owner or relative of an owner, the Gate Committee wants to ensure you have all the information about the operation of the Goose Island gate. Below are key points associated with the gate.

- Property owners and their immediate family members are eligible to order bar codes. The first bar code is free and each additional bar code is \$13.00. Forms to order bar codes are located in the Gate section of the website. Please remember it is your responsibility to notify the Gate Committee should you or a relative trade or sell a car with an assigned bar code. Bar codes are to be adhered to front windshield to work. Please place the additional plastic cover provided over the barcode once placed on the windshield to protect the barcode.
- Property **owners** can be listed in the Resident Directory (call box), which is located on the bridge. The directory allows vendors/visitors to call the property owner to open the gate. Forms to add your name/phone numbers to the Resident Directory are located in the Gate section of the website. Please remember if you change phone numbers to also change your contact information for the gate.
- We recommend that you use your cell phone number in the Resident Directory so that you can grant access to Goose Island even when you aren't here. Once your number is entered into the Resident Directory, you will be provided with a quick call code. Your phone number is not displayed. To grant access to the gate takes less than 10 seconds. You also will have access to open the gate through your cell phone should your bar code ever fail. There is about a 4-5 second delay until you hear the person calling you from the gate. When you receive a call from the gate, identify who is calling. If you want to grant access press 9 on your phone. You may have to press 9 more than once to connect. Remember you are responsible for who you let in.
- Restricted guest codes for family/friends can be provided (**not renters**) staying two days to 1 month. Please complete the GI Guest Form at least two days in advance of the visitor's stay and return to the Sandy Lieberman. Email address to send information is on the form. The form can be located on the Goose Island website which is gooseisland.org. You will receive a code which will work for the length of the stay.
- Mail, UPS, FedEx , ETC, AM EMC, Trash have been granted access to the community so property owners do not have to take any actions. The major propane companies have also been given access. If you select a propane company not listed, you will be responsible to grant them access for deliveries or services. Main propane providers with access are Folgers, Heritage, Freemans, Appalachian.
- If you are a walker, hiker, bike rider, dog walker, etc. and leave the development on foot, please contact Sandy Lieberman to get a walker code for the gate. This will allow you to exit the development. You will need to use your cell phone to re-enter. There is one walk out code per property.
- Contractors, who are building or remodeling a property in Goose Island will receive a restricted code for the length of time needed to finish the project. Property owners need to clear project with ARC prior to requesting a gate code. Should you have a need for a contractor code, please contact

Sandy Lieberman with the information on the contractor. This should include name, cell phone number, and estimate of project time.

- If you list your home with a Realtor, your listing agent will receive a restricted code for showings. Please contact Sandy Lieberman so that the Realtor can be set up in the system.
- It will be the responsibility of the property owner to grant gate access to vendors servicing his/her property. This would include pest companies, landscaping/lawn services, cleaning people, painters, tree cutters, HOT tubs, etc.
- The gate will record your date and time of entry and also captures pictures of your tag, the driver, and the car. Please keep in mind any bar codes, issued and associated with your property, will be your responsibility should damages occur to the gate or community property.
- If a car is already on the bridge, please stop behind the yellow lines so that you don't trigger the gate with your bar code or exit sensors. The same is true when leaving the development. Should you see a car stopped on the bridge, please stop far enough back not to trigger the gate. It is up to each property owner to help keep our community safe.
- If gate does not open, it generally means you did not stay to the right of the yellow line. Back up to before the bridge sign on the road and proceed towards gate staying to the right of the line. NEVER attempt to force the gate open. If the gate still does not open, contact a gate administrator listed on the call box.
- Please enter the following number in your cell phone as a contact and label it GI Gate, 706-258-8995. When you receive a call from the gate you will then know it is the gate calling.

GOOSE ISLAND HIDE AWAY SUMMARY OF ASSESSMENTS AND FEES AS OF APRIL 27, 2023

	GIHA-POA ANNUALFEES	PROPERTY PURCHASE	NEW HOME CONSTRUCTION	RESIDENCE MODIFICATION or ADDITION	SHORT TERM RENTAL PROGRAM
Community/Common Area Maintenance	\$560.00 (Note 1)				
Water Service	\$700.00 (Note 2)		Variable (Note 2)		
Capital Contribution Assessment		\$1150.00 (Note 3)			
Impact Fee			\$3,000.00 (Note 4)	Variable up to \$3,000.00 (Note 4)	
Construction Bond			\$2,000.00 (Note 5)	Variable up to \$2,000.00 (Note 7)	
Water Service Connection			\$2,500.00 (Note 6)		
Short Term (Vacation) Rental Bond					
Well and Water Impact Fee					
Administrative Fee					\$55.00 per rental (Note 8)

Note 1 Per lot or tract (prorated for shared lots). Assessment billed annually and is due not later than December 31 each year.

Note 2 Per lot or tract connected to community water system. Assessment is billed annually and is due no later than December 31 each year. See also Note 8. Prorated assessment for water service is made at time water service is connected to lot for new construction.

Note 3 Capital contribution assessment is per lot, parcel or tract, and is due from property purchaser or grantee at closing each time a property is sold, transferred or conveyed (Exceptions per Bylaws). Assessment applies to both new residents and current GIHA residents acquiring additional property. Fee is collected by closing

Note 4 Non-refundable impact fee due at time Construction Agreement is signed and impact fees may be variable for modifications to current home projects.

Note 5 Construction bond is refundable to owner/contractor on completion of construction, less assessment(s) for any damages to community areas/roads/utilities/structures during construction. Fee is collected at time Construction Agreement is signed.

Note 6 Due at time Construction Agreement is signed for any newly constructed home to be connected to community water system. This fee is separate from the annual water service assessment.

Note 7 Construction bond to be determined during plan review and approval and is dependent on scope of project. Bond is refundable to owner/contractor upon completion of construction, less assessment(s) for any damages to community areas/roads/utilities/structures during construction. Fee is collected at time Construction Agreement is signed.

Note 8 Rental Application Fee for Short Term (vacation) rentals is due at the time of the rental documents.

GOOSE ISLAND HIDE AWAY RULES & REGULATIONS SUMMARY

The following is a compilation of some of the rules and regulations of Goose Island Hide Away, most of which are contained within the By-Laws and the Covenants. Purchasers should be provided with a full set of the legal documents of Goose Island Hide Away.

1. No hunting or discharge of firearms or use of fireworks is permitted within the community.
2. Any open fires within the community, including the burning of trash, must be performed pursuant to obtaining a Burn Permit and must adhere to the Rules & Regulations of the Georgia Forestry Commission.
3. Recreational vehicles, including boats, must be parked in a location and manner that is unobtrusive and inconspicuous to passersby. No recreational use of all terrain vehicles, dirt bikes, motorcycles or any similar type vehicles shall be used within the community except for transportation purposes only and shall not be operated in any manner which would constitute an offensive or obnoxious activity.
4. Construction or landscaping equipment and/or materials must be stored out of view, if possible, or if not possible, then in a location and manner that is unobtrusive and inconspicuous to passersby.
5. No noxious or offensive activity will be carried on upon any lot, nor shall anything be done which may be or become an annoyance or nuisance to the neighborhood.
6. No nuisance or offensive, noisy or illegal activity will be done, carried on, suffered or permitted upon any lot, nor will any lot be used for any illegal purposes.
7. Each lot will be kept and maintained completely free of any junk, trash and garbage. (For informational purposes - the Association does not provide trash pickup so each owner or renter is responsible for the proper disposal of trash.)
8. No lot will be used for any purpose other than residential use.
9. Household pets must be kept under the control of the pet owner at all times.
10. No business sign of any contractor or sub-contractor will be allowed on the property. FOR SALE signs will be permitted provided they are not in excess of one (1) square foot in size.
11. The property owner shall be responsible for repairs/replacement of damage that occurs within the property, to roadways, the covered bridge, the camera and security systems, gates, signage etc., when caused by the property owner(s), their family members or guests. In the event of any such damage, the property owner will be presented with an invoice for the damages and will have 60 days to pay such invoice before the Association places a lien against their property.
12. No removal, topping, excessive pruning, or destruction by any other means of large trees is permitted without prior approval of the Architectural Review Committee. Please contact the ARC Committee for any questions.
13. A Capital Contribution Fee will be charged on all sales/transfers of property. In addition, the Seller is responsible for ensuring that the real estate agent and closing agent are notified of same and ensuring that the Association Treasurer is provided with the names, addresses, phone numbers and contact information for all new owners.
14. A Notification of Rental Agreements and Forms must be completed and provided to the Association's Rental Committee at least 3 days in advance of a rental. All tenants must adhere to the neighborhood rules and regulations.

ARCHITECTURAL REVIEW COMMITTEE

Required for Improvements/Modification

One of the important features of our existence as a covenanted, self-governing community is the guidance provided by the Architectural Review Committee. The Committee aims to help us maintain mutually accepted policies and procedures for new construction, renovation, and the protection of our land, trees, and roads.

The Architectural Review Committee must be contacted prior to any applicable action. It is especially important to bring us in *during* the planning process, as some of the guidance we might have may affect your plans or the manner in which you or your contractors carry them out. You can find detailed information, along with the appropriate forms to use for a Proposal for review, on our web site listed under the Architectural Review Committee. Please familiarize yourself with them for possible future use.

In general, any change that impacts the footprint, elevation, outward appearance, grading, fencing, or landscaping, including the removal or trimming of large trees, installation of a well or reserve tank, new construction, or renovations requires a Proposal for Review. Also, an interior project that calls for the use of concrete or heavy equipment, even though it may not affect any of the other factors above, will require a Proposal because of the possible impact on our community roads.

If there are any questions, please contact the Chair of the ARC. Often a quick determination can be made whether a particular project does or does not require an actual Proposal, and the Chair can give the go-ahead right away. When a Proposal is required, it will be distributed among the members of the Committee for review, and some may require final approval by the Board. The Committee and the Board will make every effort to give you a fast turn-around to expedite your project.

NOTE:

ALL NEW CONSTRUCTION MUST BE APPROVED PRIOR TO BREAKING GROUND AND ALL WATER HOOK-UPS MUST BE PERFORMED BY THE GIHAPOA WELL MAINTENANCE VENDOR.
